- Make Text not all centered (left aligned), also a smidge smaller
- Footer text smaller, or footer size a little bit bigger, or both
- Add header links to footer or link that takes you to the top of the page
- Add more color or add images to the career, personal life, and legacy pages - especially if they reference a specific image.
- For career, personal life, and legacy pages, maybe add more of the circle and line motifs to separate the text
- Add more color to the career, personal life, and legacy pages - can be with dividers, or with light blocks of color behind the text?
- Images side by side/in columns , not just all in a row
- Header brown a little less grey/ more saturated
- Add a hover action to the buttons - text turns red or yellow
